

Santa Margarita Area Chipping Event 2012

Fire Safe / Green Waste

WHAT: The Fire Safe Council, with the assistance of CAL FIRE, is conducting a **FREE** chipping event to be held in portions of the Santa Margarita area. Sustained high temperatures and dry weather in the summertime create dangerous fire conditions. Chipping is a great way to clear your property of potential fire hazards. Disposing of green waste without burning also preserves our air quality.

WHERE: The event will cover portions of the Santa Margarita area including Tassajara Creek Rd, Carmel Ranchos, and the Parkhill Area. The project will be divided into 3 zones and chipped throughout the multi-week schedule.

WHEN:

| | |
|---------------------------|--|
| Zone 1: June 4-8 | Tassajara Creek Road |
| Zone 2: June 11-15 | Carmel Ranchos, Garden Farms |
| Zone 3: June 18-29 | Parkhill, Las Pilitas, Huer Huero |

Chipping will be done on weekdays only. Have your pile ready **by the start date for your zone.**

HOW: Sign up to reserve your spot. Fill out the attached form and drop it off or mail it to the Parkhill CAL FIRE Fire Station. **Sign-up forms will be accepted until June 1 for Zone 1; June 8 for Zone 2; June 15 for Zone 3.**

VERY IMPORTANT – HOW TO PREPARE FOR THE CHIPPING EVENT:

- Material to be chipped must be clean yard waste only (tree limbs, brush, etc.) – no metal, nails, barbwire, garbage, rocks, etc.
- Not allowed:** grass, vines, bark, piles of leaves, juniper bushes and other light non-chippable material; No processed lumber and other non-vegetation material.
- All chips will be left on site in a pile for homeowner use. Chips will not be hauled away.
- Branches can not be thicker than 4 inches in diameter
- ALL material must be piled in a location easily accessed by the chipping vehicle. Vehicle will not leave the public roadway to access a green waste pile. Crews will not drag material long distances or over fences.
- Pile size limited to one ton. Pile dimensions no larger than 15ft. by 15ft by 4ft. high
